Subject: declaration of excellent contribution Le Thi Hoai Yen

To whom it may concern.

I'm writing this 'declaration of excellent contribution' to confirm Le Thi Hoai Yen's excellent and invaluable participation in our international research project, which took place in Vietnam during April 2026.

As part of our international research program called Amsterdam Research Project (ARP), a group of 20 Master's students from the School of Business and Economics (Vrije Universiteit Amsterdam) conducted academic market research in Vietnam. ARP provides unique opportunities for students to engage in real-life market research in emerging markets for western companies. In so doing, students refine applied research skills, conduct research in a challenging emerging market context, and develop their skills to transform findings into actionable advice. This affords students the opportunity to develop research skills while simultaneously broadening their professional and cultural horizon.

Local support is of great importance to make the field research a success. Le Thi Hoai Yen's contribution proved decisive on many occasions. Thanks to their participation in our project, we were able to overcome many practical challenges and benefitted from their excellent knowledge of the local (business) culture and language. Without Le Thi Hoai Yen's contribution, we wouldn't have been able to reach our research ambitions.

Yours sincerely,

Management and Organization
